EMPOWERMENTS

Spiritual Activation & Energy Reprogramming

Welcome!

These are sessions of remote energy transference. We come to you as a 'field of energy' while holding you in a transforming container of love's intelligence. This field gets super charged through the coherence of many people doing this simultaneously, all with unified intention.

Before each session, you will receive a confirmation and any updates.

After each session, you will receive a session review and any guidelines for integration.

The Transference

Our intention is to get you unlocked and switched on with new cellular programming so that you can experience your greater Divine Human potential.

The transference will naturally go to where it is needed the most in your body's energetic system.

We are facilitators who know how to channel transforming energy from the Divine. It is you, however, in tandem with your Higher Self, that is ultimately in charge through your powerful intentions for change.

How to Receive the Session

- * Choose a quiet space such as your bedroom or other comfortable ground where you will be uninterrupted for this 30-minute session.
- * Before the session starts, we encourage you to shower or bathe in salt water prior to the session. This helps to ground, clear and prepare your body to receive.
- * Lie down comfortably on your bed or padded floor, on your back, keeping the spine straight. You can also assume a meditative position. Remain in this free flow position.
- * Attune to the Divine Presence and the totality of your greater self. Call in your spiritual guidance system.
- * Affirm your intentions for desired change and then go into meditative state..
- * If you have music or are listening to an audio, please keep it soft and gentle. The idea is to quiet the mind and body and attune to the incoming frequencies..
- * Please breathe slowly through the nose and into the abdomen. Keep coming back to the breath while affirming your sacred intention for this session.

Upcoming Session Dates & Times

Each month, the sessions are offered at three different times, according to New York time in the USA.

8 am, 3 pm, 8 pm
Same time as New York

Choose one time to receive this session and as this correlates to YOUR home time zone.

To figure out the time conversion is easy. Please go to www.timeanddate.com and click on "world clock".

Optional Time to Receive the Session

If you have already registered, you may receive this sacred transmission at any hour after the time of the very first session.

The facilitators will upload the transference as a "packet of light" to the etheric energy grid, also known as the Unity Grid of light.

You will receive it by going through the same protocol as detailed in this PDF.

This means to clean up and prepare, find a quiet place and open yourself to receive. Call the energy to you. Remain still and in full receiving mode for 30 minutes without interruption.

This packet of light will be available to retrieve for 48 hours after the session.

Session Facilitation & Themes

The facilitators are simply channeling the energy to you from the realms of light and higher vibratory dimensions. This transference seems to integrate at the highest potential level when we come with clear and focused intention for positive change.

All sessions involve clearing, energy balancing and recalibration. In addition, the facilitators have outlined 10 very powerful monthly focuses for each of the Empowerment sessions.

You can also see a summary of these on the website at: <http://iamavatar.org/registration/>
